The Bonaventure Hotel is made up of a central tower surrounded by four towers each represented by a different color. Most of the SRF events take place near the Yellow Tower. The main entrance to the hotel is on Figueroa Street at level 2. The entrance on Flower Street is one level below at the lobby level (level 1). The escalators, located between the Green and Yellow Towers, provide the easiest way to move between floors during the event. The business section of the hotel goes from the lobby level up to level 6. The lobby level and level 3 are where most of the SRF rooms are located and they are shown in this flyer for your reference.
